ABOUT ME

Passionate Flutter developer experienced in creating high-quality, user-friendly mobile apps. Skilled in turning ideas into polished products with strong attention to design, performance and maintainability. Experienced in working independently and managing all app lifecycle stages from concept to deployment.

EDUCATION

University of Tabriz

SELECTED PROJECTS

● INVOICE GENERATOR

Creates professional invoices as PDF with customizable layouts and printing support.

● SHOPPING LIST WITH VOICE

Lets users add, manage, and share shopping lists using voice input and local storage.

● WATER REMINDER

Tracks daily hydration goals with local notifications and progress stats.

● METRO INFO APP

Provides station data, map tracking, and route suggestions for local metro users.
